

# Feature Project: Office & Guest Bedroom Addition – Baltimore, Maryland

Located on a beautiful sloped lot, this residence Design for this project included a large gourmet quality kitchen with buffet serving counter and breakfast nook, master bathroom with large three head walk-in shower, walk-in closet, kid's basement play/drum area and "man-cave". Also, the basement stairs were moved out of the living room and into the new addition. The overall flow of the house was improved to allow space for holiday entertaining and plenty of room for the kids to run.
